

OTTAWA LETTER

The Minister of Finance introduced the Budget resolution this week and they passed through the House rapidly. There are only a few changes being made in the Customs duties this year and all the taxes such as the 6 per cent Sales tax and the 2 per cent special Excise tax will remain in operation. In 1930 the Tariff was increased on 104 articles, in 1931 on 129 articles and in 1932 on 128 articles but this year no such changes were made. Mr. Rhodes, the Minister is clearly and obviously in poor health and in recognition of this fact there was no prolonged questioning or discussion on the resolutions.

There will be no change in the prices of Government Annuities. These have been on the market ever since the days of Sir Wilfrid Laurier and the minister this week pointed out that they were much cheaper in price than the Insurance Companies rates. Every Government has been anxious to increase the sales as by investing small amounts, monthly or yearly, any person can provide a retiring allowance that cannot be attacked by any process of law and is the safest investment available. The Superintendent of Annuities, at Ottawa, will give full particulars to any one.

As a result of the charges made by Mr. Stevens, a group of men have been conducting an inquiry into the Man buying and price advance problems. This has cost about half a million dollars as the solicitor alone has cost \$25,000. Now the long waited for legislation, based on the report has come down.

The Tariff Board will have the power of investigating reporting on and advising the Government on all questions relating to Commodity standards and protecting the consumer generally.

The Capital structure of any company can be investigated and no shares can be offered to the public for sale until the Commission is satisfied. However, the Company receiving the approval of the Commission to sell shares may not advertise that fact. No attempt is made to fix prices although unfair trade practices may be investigated. If it is considered that these trade practices are against some written law the facts may be reported to the Government. A Director of Prosecutions at a salary of \$12,000 per year will be appointed to assist and advise the Commission.

The Prime Minister is to all ap-

CHEADLE BUTTES SOFTBALL

Once again the Beaver dam is attracting visitors from miles around. It is a haven of peace and rest and happiness to all who love trees, water and nature's troubadours.

pearances, reaching his old health and vigor. The tributes paid by Mr Bennett and Mr King to the memory of the late Lord Byng of Vimy, were both masterpieces. Both were impressive, eloquent, well delivered and had the ring of sincerity. Both paid tribute to the deceased's record as a great soldier, a great Governor General and a great friend of the Veterans who served under him at Vimy and in other fields of conflict.

Sincerely, F W GERSHAW.

HERVEY NOTES

The Ladies Aid of the United Church held their meeting at the home of Mrs Laycraft on Thursday June 6th. A delicious luncheon served to forty-seven guests. An enjoyable afternoon was had by all.

The date of the annual picnic has been decided upon, Friday June 28th being the eventful day.

Miss Dolly May was the guest of Miss Peter over the week end at the home of the latter's aunt Mrs Scott.

Miss Peter has been rehired as teacher of Hervey School for next year.

We are glad to hear that Ron Cheadle no further injuries than a sprained ankle when he tripped in the badger hole last week.

Tom Taylor kills two birds with the one stone, when he industriously cultivates the wheat field in the Hervey district.

Lester Smith of Chedale is working in the district at present.

We are looking forward to a Social Credit meeting in Hervey school in the near future.

The way things sound around Hervey Brundage will return to his first love, Hon Harold to horse ranching and maybe Hon McPherson will work for him.

U. F. A. CONVENTION ATTRACTS LARGE CROWD

ATTORNEY GENERAL LYMBURN GIVES INTERESTING ADDRESS

At the U F A Nominating Convention for the Gleichen Provincial constituency held Monday in Strathmore Mr J C Buckley, M. L. A. was unanimously elected to represent the Gleichen constituency in the forth coming election.

There were 21 delegates present, comprising 66 U F A and 28 U F W. The locals represented were Balzac, Carleton Place, Strathmore, Rosedale, Standard, Carleton Place, Dateville, Gleichen, Tudor, Ardmore, Beloeur, Shepard, Redlands, Balm.

Major Gardiner extended greetings in a very gracious manner to the delegates and introduction was made by Rev T B Winter.

Mr J H Sault of Beloeur was Chairman, with Mr G C McLeod of Carleton Place, Secretary.

Messrs Stultworth and Church of Bow River made brief but bright speeches.

Mr Stultworth was nominated but he withdrew and no other nominations were made.

Mr Buckley expressed his thanks for the honor and confidence reposed in him by choosing him as their representative for 4 consecutive terms.

Attorney General Lyburn, held the attention throughout an address of about 2 hours.

He dealt at some length with the System of S. C. as expounded by Mr Albert and Major Douglas and stated as his opinion that the former is incapable of practical application. He stated emphatically the Albert and Douglas plans are absolutely opposed in plan of working. He referred humbly to the Howard address of Social Credit. He denounced Mr Douglas's criticism of the U F A as being a class act and stated he had for 9 years advocated a cabinet composed of members of the various parties, and that members vote for the masses and not the party without it being considered a want of confidence.

Mr Lyburn said that despite all criticism of extravagant cost, they had given \$100,000 worth of new services since 1921 and the cost of govt is now \$47,000 less than in 1921.

There was a strong feeling of confidence reposed in the speaker. The nominating convention was the most largely attended of the four, Conservative, Liberal, Social Credit, and U F A held in Strathmore during the year.

DAD'S DAY SUNDAY, JUNE 16

Beautiful examples of paternal and filial devotion have been written by poets and prose writers times without number. Pictures of the deep seated affection, self sacrifice and sound judgment, which the true father feels and exercises for his child stand high in the annals of our English literature. Warwick Deering's novel *Sorrel* and Son, could find repetition in many a humble home.

One of Shakespeare's characters giving advice to his son in the following words stands well near the top in the realm of the very best advice to abide by self be true. And it must follow as the night the day,

Thou canst not then be false to any Man.

Berton Bravley's advice in a poem named *Opportunity*, gives a hopeful outlook for these times, the first verse of which is,

With doubt and dismay you are smitten,
You think there's no chance for you now?
Why, the best books haven't been written,

The best race hasn't been run,
The best song hasn't been made yet,
The best time hasn't been sung,
The best time hasn't been played yet.

Cheer up, for the world is young.

WM HAWRYLYK SENTENCED TO THE GALLOWES

BAINTREE

An epidemic of measles here has caused much disturbance in the school course. Three cases are reported to date.

We are glad to hear that Mr. Chas. County is doing quite nicely.

Crop conditions are quite good. Rain is needed in the next few days. Summer fallowing is under way.

Grashoppers are not excessive yet. A few farmers report that they are numerous.

THE SCOUT HOBBY IDEA

—101—

I like children to have a hobby—a hobby for the time when they are grown up and when old age drives near. One of the saddest things in life is to find people who have learned their business, who have got through life in a most useful way, but at the end when work stops, do not know what to do. I have my hobby. It is the greatest consolation in life to have something that you can fall back on, something that has brought you no bread, but has always been a great pleasure. General Smuts, to Johannesburg schoolboys.

Here and There

Two or three times as much rainfall this year between April 1 and May 3 on the Prairies as compared with the same period last year makes the conditions for the 1935 harvest similar to that at the same time in 1923 when the largest crop since 1925 was recorded, states E. S. Achenson, general agricultural agent of the Canadian Pacific Railway in the West.

Leonard J. Polhemus, traveling passenger agent, Canadian Pacific, is at New York, recently elected vice-president of the American Association of Traveling Passenger Agents of New York. Mr. Polhemus has been a member of the association's executive committee for the past year.

Hotel Saskatchewan, Regina, distinguished itself recently by staging a Chinese Standard dinner dance, said to be the first of its kind on this continent. As stage decoration there was used a hundred-foot runner and side drapes, hand-made by Chinese many decades ago, and insured while in use at a valuation of \$4,000. The orchestra was in Chinese dress and provided music with a decidedly Eastern background.

T. J. Jackson, who has just been appointed first assistant manager of the Royal York Hotel, Toronto, in succession to Cyril Chapman, promoted to the post of manager of the Hotel Club of Quebec, started as cashier at the Chateau Frontenac in 1924, and has had rapid advancement to his present high position.

To Charles Montgomery, one-time switch-tender and present elevator operator at the Canadian Pacific uptown office building in Winnipeg, go all honors for having constructed what is probably the most perfectly finished model of a locomotive on the continent. It is a five-foot replica of a Canadian Pacific class 2200, finished in brass, and copper, and took five years to construct.

Out of active service for some years past, Canadian Pacific ship *Mellita* has been sold to Italian shipbuilders. She was built in Glasgow in 1918.

"Never betray a trust; be honest; do what other men can do; and work your stick honest day," is the recipe for success enunciated by Catho R. B. International chairman of the Million-Dollar Round Table, speaking to the Life Underwriters in convention at the Royal York Hotel, Toronto, recently.

James G. Miller, Medicine Hat, veteran Canadian Pacific engineer, recently celebrated his birthday, when railway acquaintances and relatives gathered to congratulate him. He was born in Drummondville, Que., and has been drawing a railroad cheque for more than 64 years.

A couple of scores of the old railroaders who five decades ago helped push the steel ax across the north shore of Lake Superior for the Canadian Pacific Railway, gathered near Jackfish, Ont., recently to re-enact the driving of the last spike at Nipissin on May 16, 1885. Alex. Anderson, Port Arthur, who held the spike when it was driven fifty-five tons, drove home a new spiked spike with a vigor that belied his 81 years.

BROOM CORN

Arrangements for a larger acreage
 in broom corn on the Taber irrigation
 district are being made this spring.
 Manufacturers in the east are becom-
 ing interested. If success attends the
 crop this year, there is possibility of a
 small broom plant being established
 at Taber. The first broom corn crop
 was put in last year with fair success.

TOURIST ENQUIRIES HEAVY

—10—
 Hundreds of enquiries from pros-
 pective tourists are now being handled
 at the provincial publicity office, a
 new all-time record being established
 in this connection. The huge increase
 comes largely as a result of the or-
 ganized effort put forth in the past
 two seasons, chiefly through the new
 Canadian Travel Bureau at Ottawa.
